Farmers Home Administration
RURAL HOUSING LOAN PROGRAM

Policy Statement
Notice is hereby given that the Farmers Home Administration in the administration of the 502 rural housing loan program (Title I, Agriculture, Part 1822, Subpart A) is contemplating a policy direction aimed at reaching a larger number of the low-income people with the greatest housing needs. This will place stronger emphasis on FmHA’s existing authority for making loans to purchase existing housing, and to repair and rehabilitate existing homes. An existing home is one that has been occupied previously. This emphasis on the utilization of existing housing does not preclude the use of loan funds for new construction where the market condition demands such type of construction.
